### RichWay New Bio Mat

2. Natural Amethyst (Long Wave infrared Rays).
3. Double Protected Safety Layer.
5. Air Roll Padding Cottons.
10. First Urethane Protector Layer.

### Other Electric Heat Mat or Mud Mat

1. Surface Cotton Material
2. Mud Power
3. Copper Fiber Material
4. Aluminum Foil
5. Metallic Heating Coil
6. Aluminum Foil
7. Nylon & Cotton Layer
8. Bottom: Surface Cotton Material

#### Cross Section of Layer

- **Save on Electricity**
- **Emission of Negative Ion**
- **Emission of Long Wave Infrared Ray**

#### The Interception of Electromagnetic Waves

1. Metallic Coil Heating System emits a lot of Electromagnetic Waves.
2. To reduce the products cost they use Aluminum Foil or a Copper Fiber to cut the Electromagnetic Waves. It causes a lot of harm because there is no protection.
3. If the human body comes in direct contact with the mattress, there are many harmful effects to the body. If body is exposed to the Electromagnetic Waves, then there will be a reduction of 80% of the Melatonin Hormone, which affects sound sleep and resists to all kinds of diseases.
4. Because it uses Aluminum Foil and Copper Fiberglass, it cannot cut off harmful Water Vein Waves.
5. Only has minimum function and a temperature controller.
6. To reduce the product cost, they don't use essential and expensive parts. Because it cannot cut off the Electromagnetic Waves, it is nothing but an electric heat mattress.

### Uses Japanese Kurare’s Super Fiber Materials to generate Long Wave Infrared Ray (8-12 Micron), that the human body can easily absorb.

- **1st Interception**: Japanese Kurare’s Carbon Ceramic can reduce and minimize the Electromagnetic Waves.
- **2nd Interception**: Double Layered Aluminum Fiberglass further reduces Electromagnetic Waves.
- **3rd Interception**: Even though there are very few Electromagnetic Waves left, Japanese Kurare’s Super Fiber completely absorbs the remainder of the Electromagnetic Waves.
- **4th Interception**: A Special I.C Chip is in the Control Box which cuts off Electromagnetic Waves.

A Special layer of double Aluminum Fiberglass completely off harmful Water vein Waves.

It has the most developed I.C Chip which cuts off the Electromagnetic Waves. A Soft Touch Control System which has many convenient functions.

Emits many Ions and Long Wave infrared Rays which contributes to a healthy life.
